

Networking In Christ Associate Membership Defined

Associate Members are those who cannot fully attest to our statement of faith. For that reason, they are not permitted to serve in any NIC leadership position and their name badges specify Associate Member. Other than that, there is no difference between members and Associate Members. Other than leadership positions, all of the benefits of NIC membership are available to Associate members.

Many current NIC members, who now fully attest to our statement of faith, at one time, could not.

And they changed only after experiencing non-judgmental love from Christians.

Because so many NIC members were there at one time, we as an organization, have a tremendous heart for those who currently have a problem with our statement of faith.

Associate Members are welcome with open arms and we promise not to pressure you to accept Jesus Christ as your Lord and Savior.

That promise is made with the confidence that Jesus Christ, in the person of The Holy Spirit, will draw you to Himself and in His perfect timing, you will transition from Associate Member to Member.
